

Test cases

Entering numbers in the first name field when all other fields before are correct

The user enters numbers in the first name field, but all other fields are entered correctly

Severity	Priority	Behavior	Type
O Normal	O Medium	Negative	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

Entering the Cinema City website,
Choosing the specific movie for which we would like to buy tickets,
Coordination of date, time and cinema complex,
choosing proper seats,
Beyond details and payment

Post-conditions

The user will remain on the same page until all the details are completed correctly

Steps to reproduce

Step	1
Action	Insert numbers into the first name field
Input data	1234
Expected result	The first name field will remain blank

Entering numbers in the last name field when all other fields before are correct

The user has entered correct details and when entering the last name, he enters numbers instead of letters

Severity	Priority	Behavior	Type
O Normal	O Medium	Negative	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

Entering the Cinema City website,
Choosing the specific movie for which we would like to buy tickets,
Coordination of date, time and cinema complex,
choosing proper seats,
Beyond details and payment

Post-conditions

The field of the first name is full and the last name and the other fields will remain empty

Steps to reproduce

Step	1
Action	Entering a valid first name in the first name field
Input data	"יעדי"
Expected result	The name "יעדי" will appear in the first name field
Step	2
Action	Inserting numbers into the last name field
Input data	1234
Expected result	The last name field will remain blank

Entering an ID number with more than 9 digits and all the fields before it are correct

The user entered a valid first and last name and when entering the ID card he entered more than 9 digits.

Severity	Priority	Behavior	Type
O Normal	O Medium	Negative	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

Entering the Cinema City website,
Choosing the specific movie for which we would like to buy tickets,
Coordination of date, time and cinema complex,
choosing proper seats,
continuing to the details and payment section.

Post-conditions

The fields for first and last name will be full and the id number field will be filled with the first 9 digits.

Steps to reproduce

Step	1
Action	entering a valid first name to the first name field
Input data	matan
Expected result	The entered name will appear in the first name field
Step	2
Action	entering a valid last name to the last name field
Input data	ofri
Expected result	The entered name will appear in the last name field
Step	3
Action	entering more than 9 digits in the id number field
Input data	2069196801
Expected result	only the first 9 digits entered will appear in the id number field

Entering an id number with less than 9 digits and all the fields before it are correct

Severity	Priority	Behavior	Type
<input type="radio"/> Normal	<input type="radio"/> Medium	Not set	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

Entering the Cinema City website,
Choosing the specific movie for which we would like to buy tickets,
Coordination of date, time and cinema complex,
choosing proper seats,
enter the details and payment section.

Post-conditions

The fields of the first name, last name and the other fields will remain full

Steps to reproduce

Step	1
Action	entering a valid first name to the first name field
Input data	matan
Expected result	The entered name will appear in the first name field
Step	2
Action	entering a valid last name to the last name field
Input data	ofri
Expected result	The entered name will appear in the last name field
Step	3
Action	entering an id number with less than 9 digits
Input data	20691968
Expected result	either a notice will appear saying the id number is not valid, or the id number will be automatically filled with 0's

Entering valid fields and clicking on notifications confirmation.

The user entered valid inputs into the fields for details and payment.

Severity	Priority	Behavior	Type
O Normal	↑ High	Positive	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

- 1. Accessing the Cinema City website.
- 2. Selecting the specific movie for which we want to buy tickets.
- 3. Coordinating the date, time, and cinema location.
- 4. Choosing available seats.

Post-conditions

Remaining on the same page with the values still within the inputs, marked as selected to confirm notifications.

Steps to reproduce

Step	1
Action	Entering a valid first name into the field for the first name.
Input data	עדיאל
Expected result	Entering a valid first name into the respective field.
Step	2
Action	Entering a valid last name into the field for the last name.
Input data	סינואני
Expected result	Entering a last name into the respective field.
Step	3
Action	Entering a valid ID number.
Input data	211935426
Expected result	Entering the ID number into the respective field.
Step	4
Action	Entering an email address into the email field

Input data	adielsin1234@jmail.com
------------	------------------------

Expected result	Entering the email address into the respective field.
-----------------	---

Step	5
------	---

Action	Entering a mobile phone number into the mobile phone field.
--------	---

Input data	0506922286
------------	------------

Expected result	Entering the phone number into the respective field.
-----------------	--

Step	6
------	---

Action	Entering a mobile phone number into the phone verification field.
--------	---

Input data	0506922286
------------	------------

Expected result	Entering the mobile phone number into the respective field.
-----------------	---

Step	7
------	---

Action	Clicking with the mouse on "Please update me with benefits and notifications by mobile and email."
--------	--

Input data	
------------	--

Expected result	Displaying a checkmark indicating confirmation.
-----------------	---

Entering valid fields and proceeding to payment with acceptance of the terms and conditions.

The user entered valid inputs into the fields for details and payment.

Severity	Priority	Behavior	Type
O Normal	↑ High	Positive	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

Entering Cinema City's website, Selecting the specific movie for which we want to buy tickets, Coordinating the date, time, and cinema location, Choosing available seats, Proceeding to details and payment.

Post-conditions

Transitioning to the page to fill in credit card details.

Steps to reproduce

Step	1
Action	Entering a valid first name into the field for the first name.
Input data	עדיאל
Expected result	Enter a first name in the above field
Step	2
Action	Entering a valid last name into the field for the last name.
Input data	סינואני
Expected result	Enter a last name in the field
Step	3
Action	Entering a valid ID number.
Input data	211935426
Expected result	Enter your ID in the above field
Step	4
Action	Enter an email in the email field

Input data	adielsin1234@jmail.com
Expected result	Enter your email in the above field
Step	5
Action	Entering a mobile phone number into the field of the cell phone field
Input data	0506922286
Expected result	Enter your phone number in the above field
Step	6
Action	Enter a mobile phone number into the cell phone verification field
Input data	0506922286
Expected result	Enter your phone number in the above field
Step	7
Action	Clicking on the "Pay by Credit Card" button
Input data	
Expected result	Will take me to the page of fill in credit card details

Entering valid fields and switching to payment without approval of the regulations

The user entered valid inputs into the fields in details and payment

Severity	Priority	Behavior	Type
O Normal	↓ Low	Negative	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

Accessing Cinema City's website, Selecting the specific movie for which we want to buy tickets, Scheduling the date, time, and cinema location, Choosing valid seats, Proceeding to details and payment.

Post-conditions

Staying on the same page with the values still within the fields.

Steps to reproduce

Step	1
Action	Enter a valid first name into the First Name field
Input data	עדיאל
Expected result	Enter a first name in the field
Step	2
Action	Enter a valid last name into the last name field
Input data	סינאני
Expected result	Enter a last name in the field
Step	3
Action	Insertion of a valid ID
Input data	211935426
Expected result	Enter your ID in the field
Step	4
Action	Enter an email in the email field
Input data	adielsin1234@jmail.com

Expected result	Enter your email in the field
Step	5
Action	Enter a mobile phone number into the cell phone field
Input data	0506922286
Expected result	Enter your phone number in the field
Step	6
Action	Enter a mobile phone number into the cell phone verification field
Input data	0506922286
Expected result	Enter your phone number in the field
Step	7
Action	Clicking on the "Pay by Credit Card" button
Input data	0506922286
Expected result	I would like us to go to the credit card details page anyway

Enter a different number in the phone number verification field and everything else is normal.

The user entered valid inputs into the fields and in the verification field the number entered a different number

Severity	Priority	Behavior	Type
O Normal	↑ High	Negative	Other
Layer	Is Flaky	Milestone	Automation
Not set	No	-	Manual
Status	Is Muted		
Actual	No		

Pre-conditions

Accessing Cinema City's website, Selecting the specific movie for which we want to buy tickets, Scheduling the date, time, and cinema location, Choosing valid seats, Proceeding to details and payment.

Post-conditions

Still remaining on the same page with the values within the inputs with a select mark on message confirmation

Steps to reproduce

Step	1
Action	Entering a valid first name into the field for the first name.
Input data	עדיאל
Expected result	Enter a first name in the above field
Step	2
Action	Entering a valid last name into the field for the last name.
Input data	סינאני
Expected result	Enter a last name in the Nell field
Step	3
Action	Insertion of a valid ID
Input data	211935426
Expected result	Enter your ID in the above field
Step	4
Action	Enter an email in the email field
Input data	adielsin1234@jmail.com

Expected result	Enter your email in the above field
Step	5
Action	Enter a mobile phone number into the cell phone field
Input data	0506922286
Expected result	Enter your phone number in the above field
Step	6
Action	Enter a different mobile phone number into the cell phone verification field
Input data	0506922284
Expected result	Error message about verifying your phone number

Entering numbers in the field for the phone number, and ensuring all fields are filled correctly beforehand.

The user has entered valid inputs into the fields in front of me and tries to insert letters in the cell phone number field
